POST SHOW REPORT

2023

Overview

With its institutionalized democracy and stable structure, Senegal, a leading country in the region, and Turkey, which it describes as a "Privileged Partner," continue to grow their cooperation. In recent years, Turkey has steadily increased its exports to Senegal, reaching \$530 million in 2021 with a 47% increase in exports. With the strong relations established between the two countries, creating a positive climate for Turkish businesspeople, **HAGE International Exhibition**, which has been

organizing international fairs in Senegal for years, will bring local construction and building companies together with the **421 million West African market** at the **9th SENCON 2024**.

By bringing together all components of the construction and building sector, **SENCON 2024** aims to provide participants with new and profitable business connections, building the rise of West Africa and Senegal.
